

ALTERNATIVE MEDICAL UNITS

As per guidelines of GOI, U.T., Chandigarh was having 2 Mobile Medical Units (MMU) running in PPP mode till March 2011. But keeping in mind, the need of a doctor in continuity on daily basis in the peripheries so as to decrease the load on major health facilities, U.T. replaced the concept of MMUs with Alternative Medical Units i.e. AMUs in the FY 2011-12.

AMUs are a result of intersectoral convergence as it is being done in collaboration with Department of Rural Development. Currently there are 7 sanctioned teams of AMUs, each team comprising of one Medical Officer, one Pharmacist and one Helper. These 7 teams are working in 7 villages of U.T., Chandigarh. The infrastructure for these centres including the building and the furniture is provided by the Department of Rural Development, Manpower and contingency support is provided by NRHM and medicines & equipments by the Health department. The project has picked up very well and has a wonderful success rate, which is reflected by the OPD coverage shown below:-

Complied OPD Report for all Alternative Medical Unit for the F.Y. 2013-14

Sr.No.	Months	New OPD	Old OPD	Total
1	April 2013	3593	2597	6190
